

Please incorporate the following 4 amendments to the next WS2 draft text:

1. As requested by the WS2 co-Facilitator during yesterday's spinoff, LMDC and the Arab Group have agreed on replacing Pp11 with the following:

“Reaffirming that policies and measures by developed country Parties to increase pre-2020 ambition should be in accordance with the principles and provisions of the Convention as set out in its Article 3 and 4 and should also be comprehensive, covering all relevant sources, sinks and reservoirs of GHGs and adaptation, as well as finance, technology development and transfer including of cost-effective technologies and capacity-building, in accordance with historical responsibilities of developed countries and different socio-economic contexts and development stages of developed and developing country Parties,”

2. Paras 16(g) and (h) should be independent paras (not under para 16). They are 3quat and 3sexi in the LMDC text submitted yesterday.

3. Para 28(d) was deleted in the LMDC text. Therefore, it should be bracketed.

4. We would like to withdraw the LMDC modifications on paras 29, 30 and 31 (paras 19, 20 and 21, respectively in the LMDC text).
