

# Standing Committee on Climate Change National Assembly of Pakistan

## Partnership for Perseverance

By

**Munaza Hassan**

Chairperson

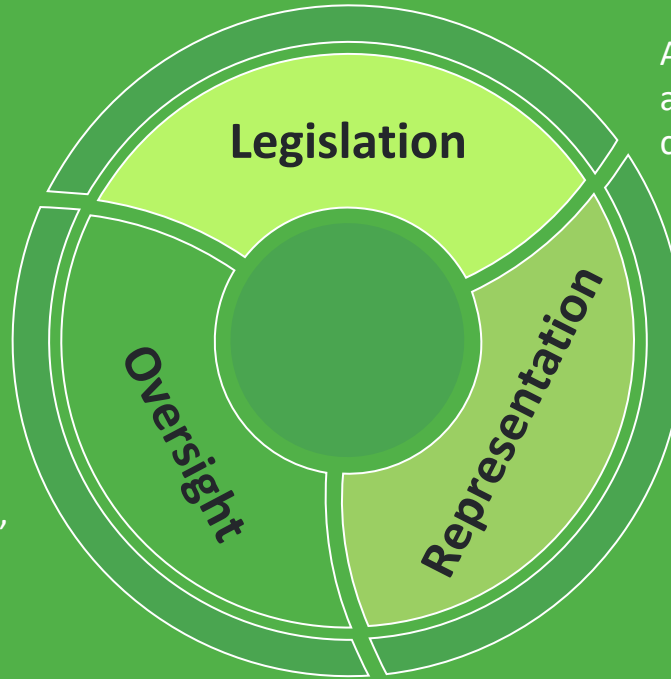

Standing Committee on Climate Change

# Role of NA Standing Committee on Climate Change

All relevant government departments and independent institutions pursue climate Change goals while implementing legislations in collaborative, efficient and effective Manner

Adequate and comprehensive legislation in accordance with global and local climate change agenda.

Inclusive approaches are practiced to ensure optimum solutions are employed while safe-guarding interests of all stakeholders. (especially vulnerable segments)

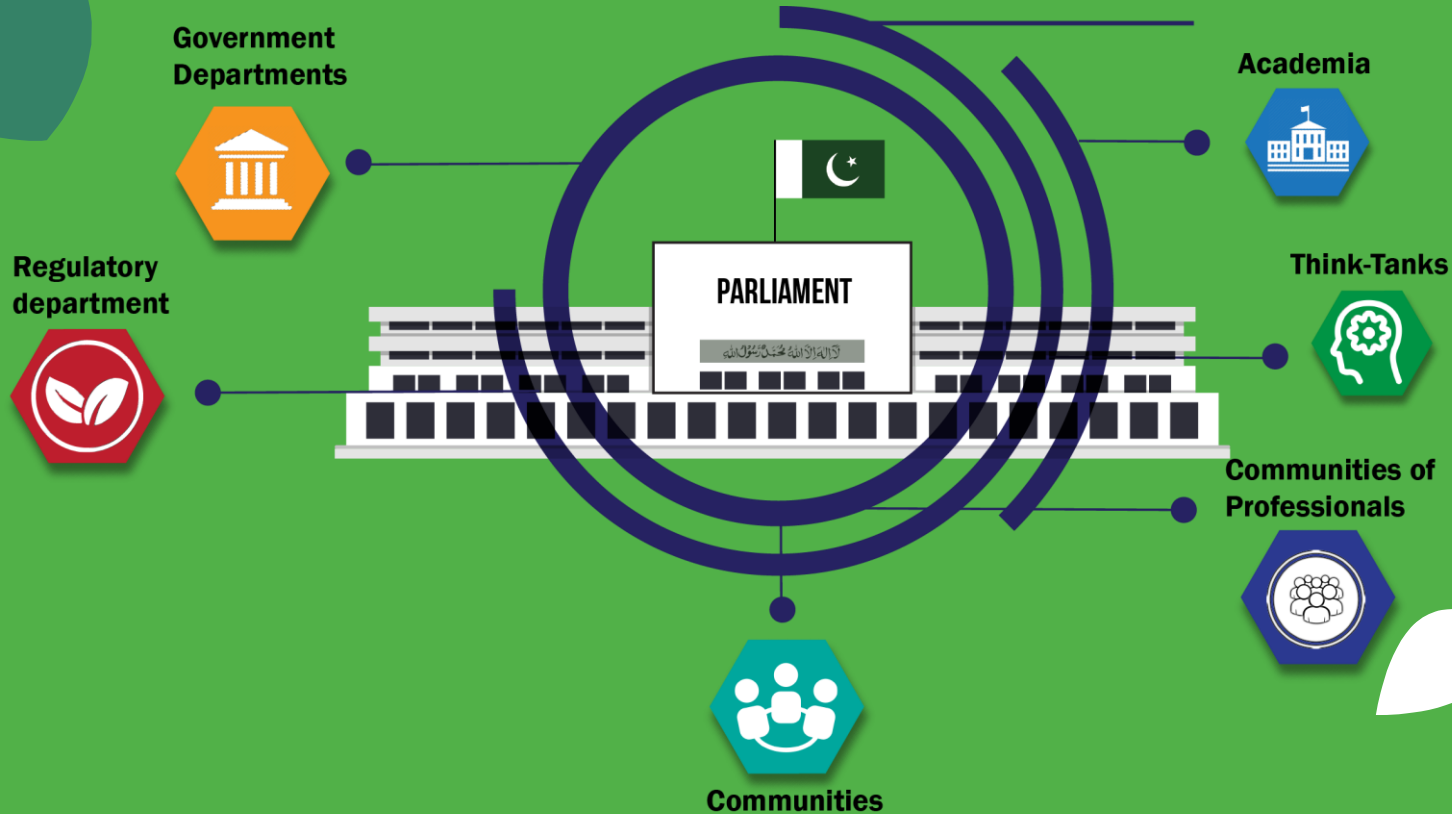

# Objectives

- Better access to reliable evidence source
- Demand and Supply for local climate change focused research
- Constructive feedback for departments
- Better data for researchers

# Approach for Results Partnerships and Collaboration

## Anticipated Results

- Strengthen a culture of transparency, openness, inclusion and partnership among Parliament, government and civil society institutions for better legislation on climate change.
  - Build equity for climate change initiatives among civil society and relevant communities.
  - Enhance mechanisms for evidence-based decision making.
  - Optimize capacity of civil society institutions to interact with parliament, committees and policymakers.
  - Promote awareness and ownership of climate change agenda.
- 

# Thanks!
