Standing Committee on Finance

Call for inputs: Information and data for the preparation of the second report on progress towards achieving the goal of mobilizing jointly USD 100 billion per year to address the needs of developing countries in the context of meaningful mitigation actions and transparency of implementation

The Standing Committee on Finance (SCF), a constituted body under the Convention, assists the Conference of the Parties (COP) and Conference of the Parties serving as the meeting of the Parties to the Paris Agreement (CMA) on climate finance matters.

Objective

By decision 13/CP.27, the SCF has initiated the preparation of the second report on progress towards achieving the goal of mobilizing jointly USD 100 billion per year to address the needs of developing countries in the context of meaningful mitigation actions and transparency of implementation, and is looking for inputs in accordance with the outline approved at its 31st meeting (see Annex). In particular, the SCF is looking for quantitative and qualitative information on:

- Backward-looking and forward-looking information on progress towards achieving the goal of mobilizing jointly USD 100 billion per year by 2020 through to 2025;
- Information on addressing the needs of developing countries; and,
- Information on meaningful mitigation actions and transparency of implementation.

Inputs may include approaches used in sources of information as well as trends, challenges and lessons learned.

How to submit your response

Information and data should be submitted by **30 June 2024** via email to: Standingcommittee@unfccc.int.

Submissions will be available on the information repository on the UNFCCC website. The sources of information and data used in the report on progress towards achieving the goal of mobilizing jointly USD 100 billion per year to address the needs of developing countries in the context of meaningful mitigation actions and transparency of implementation will be adequately referenced in the report.

Executive summary

Chapter 1: Introduction

- Background and objectives: setting the scene – mandate (decision 13/CP.27, paragraph 15) and context (including other relevant decisions).
- Scope: explanation of the nature and scope of the second report on progress towards achieving the goal of mobilizing jointly USD 100 billion per year by 2020 through to 2025 to address the needs of developing countries in the context of meaningful mitigation actions and transparency on implementation, taking into account the Climate Finance Delivery Plan and relevant reports. The report will, among other things, focus on backward-looking data and forward-looking data up until 2025, that is, the time frame of the goal.
- Structure.
- Outline.
- Challenges and limitations, for example those related to data availability, methodological, and definitional issues.
- Approach used in preparing the report. Where possible, disaggregated information on themes, sectors and geographical distribution of finance, as well as information on impacts and outcomes of climate finance, will be reflected in the report.

Chapter 2: Sources of information

- Description of approaches used in the sources of information on progress towards achieving the goal of mobilizing jointly USD 100 billion per year:
 - Backward-looking reports on climate finance:
 - National reports submitted as part of the UNFCCC process, for example BRs and BURs;
 - BAs;
 - Other relevant reports, for example those from OECD, ODI, Oxfam, UNEP gap reports and the World Resources Institute;
 - Forward-looking information on climate finance:
 - National reports submitted as part of the UNFCCC process, for example biennial communications in accordance with Article 9, paragraph 5, of the Paris Agreement, and NDCs;
 - Other relevant reports, for example the Climate Finance Delivery Plan.

- Description of approaches used in the sources of information on the needs of developing countries:
 - National reports submitted as part of the UNFCCC process, for example NCs, BURs and NDCs;
 - Report on the determination of the needs of developing country Parties related to implementing the Convention and the Paris Agreement;
 - Other relevant reports, for example needs-based finance regional and national level climate finance access and mobilization strategies, and technical assessments.
- Description of approaches used in the sources of information on meaningful mitigation actions and transparency on implementation:
 - National reports submitted as part of the UNFCCC process, for example BRs, BURs, NCs, NDCs and REDD+ strategies;
 - Reports prepared by the secretariat, for example the NDC synthesis report, and compilation and synthesis reports for BRs and for BURs;
 - Other relevant reports.

Chapter 3: Quantitative and qualitative information

- Available quantitative and qualitative information on progress towards achieving the goal of mobilizing jointly USD 100 billion per year from:
 - Backward-looking reports on climate finance:
 - National reports submitted as part of the UNFCCC process, for example BRs and BURs;
 - BAs;
 - Other relevant reports, for example those from OECD, ODI, Oxfam, UNEP gap reports and the World Resources Institute;
 - Forward-looking information on climate finance:
 - National reports submitted as part of the UNFCCC process, for example biennial communications in accordance with Article 9, paragraph 5, of the Paris Agreement;
 - Other relevant reports, for example the Climate Finance Delivery Plan and the UNEP gap reports.
- Available quantitative and qualitative information on the needs of developing countries:
 - National reports submitted as part of the UNFCCC process, for example BURs, NCs and NDCs;
 - Report on the determination of the needs of developing country Parties related to implementing the Convention and the Paris Agreement;
 - Other relevant reports, for example needs-based finance regional and national level climate finance access and mobilization strategies, and technical assessments.
- Available quantitative and qualitative information on meaningful mitigation actions and transparency on implementation, for example carbon dioxide

emissions reduced or avoided in the relevant time frame, and the number of BURs submitted during the relevant time frame:

- National reports submitted as part of the UNFCCC process, for example BRs, BURs, NCs and NDCs;
- Reports prepared by the secretariat, for example the NDC synthesis report, and compilation and synthesis reports for BRs and for BURs;
- Other relevant reports.

Chapter 4: Progress towards the goal of mobilizing jointly USD 100 billion per year

- Trends in progress towards achieving the goal of mobilizing jointly USD 100 billion per year to address the needs of developing countries in the context of meaningful mitigation actions and transparency on implementation.
- Challenges in progress towards achieving the goal of mobilizing jointly USD 100 billion per year to address the needs of developing countries in the context of meaningful mitigation actions and transparency on implementation.
- Lessons learned in the process towards achieving the goal of mobilizing jointly USD 100 billion per year to address the needs of developing countries in the context of meaningful mitigation actions and transparency on implementation.
- Recommendations on possible actions towards achieving the goal of mobilizing jointly USD 100 billion per year to address the needs of developing countries in the context of meaningful mitigation actions and transparency on implementation.
