

Andrea PORRO

Dr Andrea Porro has more than 18 years of experience in development programs and humanitarian disaster relief with a focus on data and information management. He has worked in over 15 countries across Africa, Asia, the Middle East and South America.

He has a Master's in Crop Production and Protection and a Doctorate in Plant Biology and Production, starting his career in extension service for agriculture.

In the last 10 years, he was actively involved in development and humanitarian programs, including agriculture and livestock, research and education, Disaster Risk Reduction and natural resource management, technical support and capacity building for Government for international organizations in Sierra Leone, Afghanistan, Ethiopia, and Nigeria.

He is currently the Secretary General of the World Farmers' Organisation (WFO).
