

Initiative **MAMA-LIGHT**[®]
For Sustainable Energy

A Good Practice of Public Access to Information, specially digital solutions to address climate change

UNFCCC 8th Dialogue on
Action for Climate
Empowerment MENA

October 2020

H.R.H. Princess Abze Djigma
Foundation

Background

The MAMA-LIGHT® Initiative for sustainable Energy is a good practice to enhancing the implementation of Article 6 of the Convention and Article 12 of the Paris Agreement, with regard to future work on Action for Climate Empowerment, following the review of the Doha work programme.

8th Dialogue on Action for Climate Empowerment MENA

Initiative MAMA-LIGHT® For Sustainable Energy

How it empowers!

Bottom-up approach

Multi-stakeholder and local community based

Owned by the community and lead by the women and the youth

Game changer bringing new players not only in the renewable energy market, but also in the value chain of sustainable agriculture in the global trade market: powered by digitalization.

The MAMA-LIGHT® e-Cooperative®, blockchain based, with the YAM® - token, integrated solution with YAMRAAGA e-commerce platform

All work managed by the MAMA-LIGHT® Cooperative Toolkit

*Enables local business ecosystems including endogen AgriTec service providers and local green jobs to Green Up the global supply chain and help set out the GHG emissions in the world
Offers direct access to finance and access to vocational training*

Robust solar products with locally adapted standards: QualitySun®

Transparent for investors and donors

*Catalyst for empowerment and a ticket out of poverty for women and for formalizing the informal sector
fast outreach to the millions of the small holder farmers for ACE*

Recommendations and next steps

Recommends that the recovery responses efforts by parties and non-parties stakeholders to Build Back Forward to:

- Mainstream ACE in national budgets
- Pay special attention to the gender and youth lens
- Build on existing, get involved , integrate proven and recognized solution, initiatives like the MAMA-LIGHT® Initiative accelerate by digitalization in global alliances and coalitions for fundraising and implementation delivery mechanisms
- Be action oriented together we can go far for the well being of our communities and win the race against climate change
- Technology enables youth to paving the way

The West Africa Solar Pack/ECREEE under the umbrella of MAMA-LIGHT Initiative is open for partnership to scale up the business model in the collaboration with the others Regional Economic Center.

Thanks for your attention

“Savoir le commencement c’est anticiper l’avenir”
